

I was injured in a multiple car accidents and came to Pain Rehabilitation Clinic about 4 years ago. Dr. Bui met with me and explained to me what to expect. He helped me with all the paper work and treated me even though the insurance company denied me treatment. He was the key figure to get my income to be paid. Because of his knowledge and many years of experience he was able to get our case settled for more than one million dollar. I would highly recommend Dr. Bui and the wonderful team of administrators at the Pain Rehab Clinic!

Thank You Dr. Bui for helping us!
